

## Returning This Summer 2022 to DanzArts! Kids Co' Motion Dance Theater

**For Dancers ages 8 to 18**

**8/1-8/5 Monday through Friday 10-3:30**

**Final in studio Performance Friday @ 4pm**

Professional Choreographer Valerie Williams brings her annual program designed to train children ages 8-18 in modern dance technique, composition theory and practice and production. Each day, students spend an hour on technique, an hour on composition and improvisation and three hours rehearsing for a final, fully produced dance performance.

The Kids' Co'Motion performance workshop teaches more than dances to students: Kids' Co'Motion builds choreographers, helps students gain confidence in their own ideas and teaches them to organize those ideas and structure them into dance. Students not only study with master choreographers and teachers, but compose dances by themselves and with other students, taking advantage of everyone's ideas. Continuing the idea of training the artist as well as the dancer here at DanzArts! Price for week including performance **\$198 +tax**
